I would like a few minutes of your time, if possible. I can call you at the update time. Tricia is on leave today, however no other time works in the near future. Just want to get this Shilke thing moving!

Subject: Teleworking

Hi all I'm teleworking this week. I have committed to completing the gas well integrity white paper for Pavillion so decided to sequester (seems to be the word of choice) myself and knock this thing out this week.

I can be reached at

(b)(6) privacy [phone #]

Or you can leave a message on my work phone and I'll call back.

Judy, I'll can in on the Shilke call today if you think that you need me for that.

grego

Breath in

Breath out

Move on.
